REGIONAL BREAKDOWN

INDUSTRY SECTORS

It has been an important year of growth for McLean Events, Conferences & Media; erpecnews magazine remains a favourite throughout the industry, providing a digest of the month's top industry news stories alongside exciting and informative features. The magazine is delivered to key industry decision makers across Europe and AMEA and is sent to our extensive and prestigious industry database compiled over 20 years.

Alongside the magazine, www.erpecnewslive.com launched in March 2016. The modern, clean website is the easiest way to keep up-to-date with industry stories as they break. With this came the launch of ENTV, our video news channel, bringing viewers industry news and features as they have never seen them before and to complete the modernisation process we also launched a Twitter account @erpecnewslive for those who like to get their news on the move.

Our latest advertising packages provide opportunities to engage with these exciting new opportunities as well as sponsorship opportunities for erpec, the industry's leading business forum and idac international conference.

We are also keen to discuss any other opportunities not covered within our media pack.

Please contact Stephen Bozdan, Commercial Director on +36 303 506 108 or email stephen@mcleanevents.com.
